OH! WHAT A YEAR!

The theme of the *Bluejay* this year is "a day in the life of a Westminster student." It attempts to capture the various activities and events of different students. This introduction describes highlights of some of the events throughout the school year.

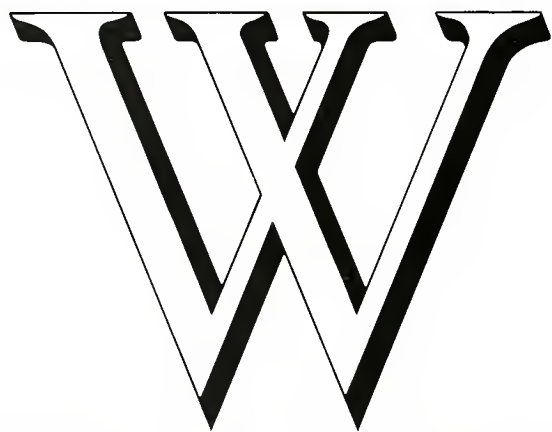

On the national scene, tempers flared and tensions rose between the two "super-powers" - The U.S.A. and the U.S.S.R. The Soviet downing of Korean airline flight 007 enraged the nation and shocked the world. It, also, demonstrated the helplessness of the United States against such actions. The first week of November brought two more major events. Two hundred and seventy-two marines lost their lives after the bombing of their headquarters in Beirut, Lebanon. Within days, the United States invaded the tiny country of Grenada. While the events may seem dissimilar, they do show evidence of increased military involvement of the U.S. under the Reagan administration. In the spring, the United States mined the ports of Nicaragua and lost in international court. The Soviet Union found cause to boycott the Los Angeles Olympic Games, as we had done in 1980. Eight Democrats narrowed to three - Hart, Jackson, and Mondale as they aspired to unseat Ronald Reagan in the November election. For a brief moment we were all reminded of the horrors of nuclear war as millions watched "The Day After."

On the lighter side, "break dancing" hit the scene with an appearance in *Flashdance* and other movies. Michael Jackson dominated the music charts by selling over thirty-five million copies of *Thriller* and winning seven Grammy Awards. Boy George of Culture Club also had his share of the limelight by being the first transexual on the pop charts. The first black Miss America, Vanessa Williams was crowned and Walt Disney's Mickey Mouse celebrated his eightieth birthday. Pete Rose moved to Montreal to break baseball records and the U. S. F. L. shocked the sportsworld by signing its second Hiesman Trophy winner, Mike Rosier. The movie *Terms of Endearment* swept the academy Awards and the hearts of many.

The campus scene this year could be considered somewhat controversial. Cotten Meyers won a S.J.B. decision saying that Dean Kirby had no authority over students off of school property. Kirby won an appeal. The Green lecture became a hot topic at faculty meetings. Despite questions of integrity and objections from the Green family, C.I.A. Director, William Casey received a doctor of law degree and spoke during Parent's Weekend. The Board of Directors decided to tear down old Reunion Hall despite protests. A new \$40,000.00 Nautalus weight room was installed on campus and saw much use. Director of Admissions Tom King was abruptly replaced midway through the recruiting season. Westminster undertook a capital funds drive of six million dollars, and students held various projects to help the cause.

Favorite phrases such as "blow it off", kick ass", and "awesome" remained predominate. A new sport called hackysack caught on with some students during short term, while frisbee golf, ultimate frisbee and whiffle ball continued to be popular pastimes.

I sincerely hope you will enjoy our yearbook. Every effort was made to make it as impartial and thorough as possible. Sit back - relax - kick off your shoes and enjoy!!!

BARBARA COX 1953-1984

Saturday, March 3, 1984, Barbara K. Cox died at Columbia Regional Hospital after an extended battle with cancer. Barbara began working at Westminster College on May 5, 1975, as an Admissions Secretary. In the summer of 1980 Barbara assumed responsibility for coordinating the day to day operation of the Admissions Office. Barbara was so capable she continued this responsibility under two succeeding directors of admissions. Barbara knew more about the Admissions Office and, consequently, our students than anyone else. She knew whether students used their first or middle names, if they had nicknames, if they had moved, if their parents were divorced and other information that helped students as they prepared to join the Westminster College community. Her memory was remarkable. Equally impressive was the high standards she demanded of herself and her peers. Again, we

all benefited because of her work behind the scenes.

Her battle against cancer was even more remarkable. She endured painful chemotherapy treatments and numerous other tests. Because the cancer was lodged in her lungs, she was often in pain and short of breath. Walking up a small stairwell was a formidable task for her. We finally forced her to accept a reserved parking place with her name on it near Champ Auditorium. Every week or two she had to return to Columbia for tests. She never asked for extra time off. She would take work home with her and would work evenings and weekends to catch up. She was not a martyr nor did she seek sympathy or make excuses. She was a woman with integrity, pride and a courageous fighter. It is hard to understand why adversity strikes individuals like Barbara Cox. Even during her last few days she was a source

of inspiration and pride to her family, her friends and especially the students and staff who had worked closely with her in Admissions. On Thursday, March 1, two days before her death, Carole Teller and Michael Brown told Barbara the Student Government Association had recommended, and the College had approved, a full tuition scholarship for her twelve year old daughter, Jennifer. Even though Barbara was too weak to talk, the smile on her face and the tears in her eyes demonstrated how pleased she was at the gift for her daughter. She died less than thirty-six hours later.

Barbara was what Westminster College is all about: It's the people that really make a difference. She probably touched every single student, faculty and staff member at Westminster College in one way or another. She made a difference! And, we will miss her

greatly and cherish the fond memories her very being evoked.

SIGHTS AROUND TOWN

Westminster College is not an island. Expanding far from the campus boundaries there are various businesses and places that have become an integral part of Westminster. From the old carvings at the Tap Room, to Big Gulps from 7-11 at two in the morning, a late night Gasper's run, or a trip out to the soon to be completed nuclear power plant, each of these places and many others will be remembered by Westminster students for a long time to come.

BET

Beta Theta Pi continued its deep tradition and rich heritage at Westminster during the past year. The first fraternity founded on the campus in 1868, Betas continued to be a major force in college life. The Betas dominated intramural sports, taking first place in wrestling, volleyball and track. Second place in football, raquetball and swimming. Campus organizations such as the Skulls of Seven, the Interfraternity Council, the Big Brothers/Big Sisters Program and many others benefitted from the involvement and leadership of Betas, proving their diversification. The Betas also enjoyed an exciting social life, with parties such as Country Club Weekend, the Pentathlon, and rollerkegs. Westminster Betas have drawn on a strong past to build a great present and ensure an even brighter future.

The men of Delta Tau Delta continue to grow and strive for excellence. The Delts have a successful little sister program which involves approximately 20 women. Socially the Delts kept their end of the stick with Delta Queen and the famous mud wrestling competitions. The Delts continued their favorite tradition of playing ultimate Frisbee every day. Whether it be rain or shine, one always knows where to find the Delts!

The Independent Men, comprised of those living in Sweazey Hall & the bottom floor of Wetterau Hall, had a very successful year in both academic and in various other campus activities. Among their achievements, the Independent Men captured the College Bowl trophy and moved their overall G.P.A. to third place among all the living units on campus. Also, the Men of Sweazey won the Basketball title with an unbeaten record. The Independent Men enjoyed tremendous success with their annual parties; the Orphan's Party during October and the Parking Lot Party and Bar-b-que hosted during Short Term.

KA

The brothers of the Kappa Alpha Order compiled a very successful year in nearly all aspects of campus life. They finished second academically for the men of Westminster and they also added a sizeable group of new initiates to their ever-growing numbers. Their social calander was highlighted with hits like the Parking Lot Party, KA Open, and Nathan Bedford Forest. Their major social event, Old South was a grand success, beginning with the scenic Lawn Party and finishing with a fun-filled weekend at the Lake of the Ozarks. The KA's continued their support of Muscular Dystrophy with a bike-a-thon during the first semester.

The 1983-84 year was a very exciting one for the Epsilon Iota Chapter of Kappa Alpha Theta. Beginning with Rush, the Thetas strived to grow and accomplish much. Along with a wide variety of social events, including a hayride, several formal dances and Theta Vacation, the Thetas participated in many other campus activities. They once again co-sponsored a 24-hour See-saw to raise money for Fulton's Hospice Organization and continued their support and involvement with Missouri's Girls Town. Thetas also were involved in a variety of little sister organization, Chaplain's Associates, SGA, varsity Volleyball, Cross Country, Track, and Tennis, Big Brother Big Sister and Student Foundation. Although unable to gain the English Cup, the Thetas finished a close second scholastically.

KΑΘ

KKΓ

Since the founding of Zeta Zeta Chapter of Kappa Kappa Gamma two years ago, the group has become an active and important part of both the campus and the community. One area in which the group has become more active on campus is social activities such as the Parent's Weekend Banquet, the tour and picnic at the Stonehill Winery, the Pumpkin Carve and Serenade for the other Greek groups, the Christmas and Sweetheart Formals, the Mai Tai Party with the Phi Delt, and the Alumni Open House are just a few of the events in which Kappas participated to make the year a fun-filled one. Another area in which Kappa placed particular emphasis this year is philanthropy, with most of the results of the group's efforts being felt by the community. Some of Zeta Zeta's philanthropy projects included a Balloon Derby which generated funds for the Agape House in Jefferson City, a donation to the Angel Tree Fund, Christmas caroling at the Fulton State Hospital, an Easter egg hunt with children from the community, a donation to the community center across from Truman Lake. As a result of these and other activities; Kappa Kappa Gamma has improved her relations here at Westminster, and in Fulton and the surrounding area. Kappa Kappa Gamma also won the English Cup for best grades for the third consecutive year.

The Brothers of Phi Delta Theta enjoyed yet another successful year at Westminster. Keeping community service as our most important priority, we had our annual Christmas Party for the deaf kids, contributed the most money to United Way and CROP, caroled at the Fulton State Hospital, and this Easter, arranged a visit with the patients at a local nursing home. We also upheld our reputation of hosting excellent social functions this year. Along with all the old favorites, like Turtle Derby, Philceia Dinner, and Greek Gods, we co-hosted Pentathlon, had our first party with a Westminster sorority, and even hosted an SGA party.

FIJI

It was a year of commitment for Phi Gamma Delta — a Commitment to Excellence, a commitment to achievement, and a commitment to prove to the Westminster and William Woods College community that Phi Gamma Delta was alive and going stronger than ever! With a rejuvenation of alumni support, Phi Gams put forth all their effort in every way they could — within the House and in extracurricular activities. There were Fijis actively involved in Publications Board, Chaplin Associates, Westminster Ambassadors, Investment and Accounting Clubs, and many honorary fraternities. Varsity Sports fans will recognize many Fijis who played important positions with the soccer team, rifle team and track and field. And, the Phi Gam social scene culminated with another outstanding FIJI Island Party. And, the Phi Gam's won the IFC trophy for best grades.

For the SAE's, the school year boasted improvement in several areas, particularly scholarship with the highest house average for at least the last five years. Community service remained strong with the participation in the CROP hunger walk and bloodmobiles at both Westminster and William Woods. The social life also remained strong with the yearly favorites, Fly Alpha Airlines, Paddy Murphy, and Boxer Rebellion. The year culminated with celebration of the 35th anniversary of the chapter during Alumni weekend. With a good year behind them, the SAE's remain confident about their future and expect even more improvement to come soon.

ΣΑΕ

The Spirit of Sigma Chi, as conceived by the Founders more than 125 years ago yet visible and alive today, is based on the theory that ... Friendship among members, sharing a common belief in an ideal ... and possessing different temperaments, talents, and convictions ... superior to Friendship among members having the same temperaments, talent, and convictions, and that ... Genuine friendship can be maintained without sacrificing the principle of individuality or one's personal judgment.

The Westminster College Independent Association is a relatively new organization/living group which represents all Westminster students who are not currently affiliated with any fraternity or sorority. About one-fourth of the independent population was actively involved in the WCIA in this, its first full year. The WCIA, in its efforts to promote a sense of unity among independents, hosted various events throughout the year, including a pizza party, a bonfire at the Pines, a tree-trimming party in Robertson Dining Hall, and several very successful SGA parties. The WCIA also offered independent men and women the opportunity to participate in the Winter Sports Festival, the College Bowl, and intramural sports. In keeping with its goal to contribute to the cultural environment at Westminster, the WCIA co-sponsored a string trio and a brass quintet from the St. Louis Symphony Orchestra.

SOCCER

After an early victory over Concordia Seminary, the Bluejay Soccer team finished their season at only 2-10. The 1983 squad suffered from inexperience as eleven of the twenty man team were freshmen. Also, little pre-season training injured the young squad as they had little practice before competing. Although team captains Mike Sasko and Jim Martin were both good ball handlers, the team lacked the depth necessary to maintain constant pressure on their opponents. They were able to play their opponents close on the field, but the lack of ball handling strikers limited the Bluejay's scoring potential. However, the large freshman squad shows much potential for upcoming seasons.

VOLLEYBALL

The lady Bluejays had an excellent season, boasting a 20-8-1 record. Their .700 plus record gave Westminster its first twenty game winner in several years. The team, guided by coach Harold Flynn, finished second in the Central Methodist Tournament and third in the Ozark Conference Championship. They fell one game short of playing for the Conference Championship. The Ladyjays were inspired by the excellent leadership of team captain Carole Teller; All Conference players Laura Miller and Shelly Carver; and experienced seniors like Stacy Eikmann, Jan Smith, and Mamie Tak. In its third year, the Volleyball program at Westminster has solidified and formed the nucleus for excellent teams in the future.

CROSS COUNTRY

Westminster's mens cross country team made a strong showing this year under the direction of Coach Richard Ault. The team placed first in the Central Methodist College Invitational and the Westminster Invitational. They also placed third in the Southwest Baptist Invitational and the N.A.I.A. District championship meet. Dave Dalton, Cam Gentry, and Guy Clark all ran well and maintained low times at all their meets.

The women's cross country team, coached by Richard Ault, also did well this year. They came in first in their opening meet and also at the Westminster Invitational. In addition, they came in second at the Central Methodist College Invitational. Justine Hambrough led the team with her consistently low times, and she placed first at Westminster's two meets with a second at Central Methodist. Justine and Katy Murphy both qualified for the National Championships in Kenosha, Wisconsin.

CROSS COUNTRY

BASKETBALL

The Westminster Basketball team ended a victorious season with a 17-10 record, tying the Westminster record for most wins in a single season. This feat had been accomplished in 1919-1920 and more recently in 1976-1977. However, Coach Andy Fisher was not completely satisfied. "I'm happy, but not content. At the beginning of the year I set the team's goal at twenty wins." However, although the team did not reach Coach Fisher's goal, the season was marked by many impressive accomplishments. They had the longest winning streak since 1930 (8 games). They also beat the School of the Ozarks for the first time by 18 points. The team was led by such outstanding players as second time Academic All-American, Roger Idel and second team All-District player, Craig Fallon.

The rainy spring weather hurt Westminster's male track team as they only had seven days in which to practice outside. However, the season was not as dismal as the rain that surrounded it. The men were able to place second in the Principia Invitational with senior George Satterlee winning both the shot and the discus events. Westminster came in fifth in the District Outdoor Championship meet, with Bob Granger placing first in the 120 yard high hurdles. Bob also qualified for national competition.

Westminster's fine reputation for women's track teams remained undaunted this year as the team finished second at the District Outdoor Championship. Their efforts were highlighted by an outstanding effort from Laura Miller who placed first in the 100 meter intermediate hurdles, first in the 440 yard low hurdles, and first in the long jump. Three members of the team qualified for national competition; Marguerite Donovan, high jump; Laura Miller, high hurdles, 400 yard low hurdles, and the long jump; and Lisa Osbourn in the 400 yard run and the javelin throw. The team performed well all year, and their consistently excellent competition led to a highly successful season.

The Baseball team played better than .500 ball this season, ending with an overall record of 13-10. However, weather took its toll on the team as only 23 of the 42 scheduled games were actually played due to rain cancellations. Coach Harold Flynn stated that he was fairly satisfied with the team's performance this year, and happy with the improvement from last years 6-20 season. He also said the prospects for an even better team next year seem very good. The season was highlighted by Steve McDonalds .380 batting average, an impressive win over St. Louis University, and Mike Jakaitis' 0.00 ERA with a 2-0 record.

TENNIS

The men's tennis team this year took on a new look with a new coach, Jerry Cook. The team finished this year with a 4-4 record. Although district play wasn't what was hoped for, the tennis team did have some bright moments. Playing their last year at Westminster were seniors Brooke Hawkins, Mike Perez-Mesa, Jamie Stevenson, and Brian Boatright.

The still new women's tennis team ended their season with a 2-4 record. They played their competition closely on the courts, but were unable to score crucial points. As Coach Brooke Sloss said, "They hit the ball hard and played their opponents competitively, but their efforts were not rewarded in the final record. He stated that although the team is losing three seniors, the two top players are returning and the possibilities for a good season look favorable.

GOLF

Under the leadership of Coach Andy Fischer, the golf team enjoyed a very successful season. The team won two meets, the Lincoln University Invitational and the Westminster College Invitational. They also placed second out of the nine teams competing in the District Tournament. Three individual players tied for honors at the tournament; Mark Archambault, Rob McDougall, and Brett Bloom. All three shot a low 157 at the tournament. The team also was aided by the fine shooting of John Scribner and Sterling Short.

The Rifle Team, although having to rebuild after last year, finished with an impressive 32-19 record in NCAA divisional play. The highpoint of the year occurred at the Kimper Championship where the team finished seventh out of more than two hundred schools. Major schools they defeated include Penn State, Texas Tech, Texas A&M, and Georgia State. Team captain, Allen Ray led the team, averaging over 500 points per match. Following him was next years captain, Mark Mesnier with an average of 485.

CRAIG FALLON: ATHLETE OF THE YEAR

Craig Fallon's athletic career at Westminster is a shining example of the phrase "student-athlete". Craig was not highly recruited out of Hazelwood Central High School in St. Louis, but he did catch the eye of Westminster Coach Dave Devaney at a summer basketball camp. He was offered a \$1000 basketball scholarship, and a great college career was to follow.

Craig lettered in basketball four times, and Captained the Blue Jays to a 17-10 performance in 83-84. His years of sweat and

hustle were rewarded with First-Team All Conference and Second-Team All-District honors. In his senior year Craig set an all-time school record with a season field goal percentage of 567.

During his sophomore year, Fallon tried out and earned the starting shortstop position on Coach Flynn's baseball team. He hit .219 that first year, but the best was yet to come. In 82-83 he led the team in batting average (.306), hits (19), on-base-percentage (.402) and runs-batted-in (12). Unfortuna-

tely a shoulder injury ended his baseball career a year early.

Craig also excelled in Intramurals, where he competed in track, football, wrestling, softball, bowling, and swimming. In 82-83 he took medalist honors in the Intramural Golf Tourney.

Coaches Fisher and Flynn will always remember Craig for his determination and effort, as well as his tremendous athletic ability. Good Luck Craig!

OUR ATTEMPT AT COLLEGE FOOTBALL

Intramural football this year was dominated by the Sigma Chis as College football was dominated by the Nebraska Cornhuskers. Both teams played as well oiled machines wrapping up the season with unblemished records. The Sigs showed an amazing amount of fortitude in all fashions of play.

In the B team contention a unique situation developed as the season narrowed. The Sigma Chis having suffered no losses and Betas only one were to be matched head to head in the last game of the season. The Betas were well prepared and extremely psyched up for the main event much like the Miami Hur-

ricanes in the Orange Bowl. Both teams played well and kept sportsman-like composure throughout the game, but the Betas won and left two teams in the B division with only one defeat. Who wins the B division?

PARENTS PARTICIPATE

The finals of the Intramural Track and Field Meet were held on the Saturday of Parents Weekend. This gave a chance for the parents to participate in some of the excitement stirred by the intramural program. Each parent, with camera in hand, watched their children and remembered the times that they had to drive their kids to a baseball practice or football practice. Dad, a great athlete of his time, is always giving some kind of constructive criticism and mom is cheering to her hearts content. As we grow up we learn what the word competition really means and that's why intramurals exist. But for now all your parents want to do is relive the past by watching you compete as an adult, enjoy one more victory, or console you in defeat.

INTRAMURAL ATHLETE OF THE YEAR

As usual everybody left without picking an intramural athlete of the year, so I decided to pick one myself. This years choice is Brett Ohlhausen. Brett's amazing athletic ability was unsurpassable. His speed, agility, and general all around ability was complimented by his fair play and good sportsmanship on the field. Everybody should strive to attain an on the court attitude like Brett's.

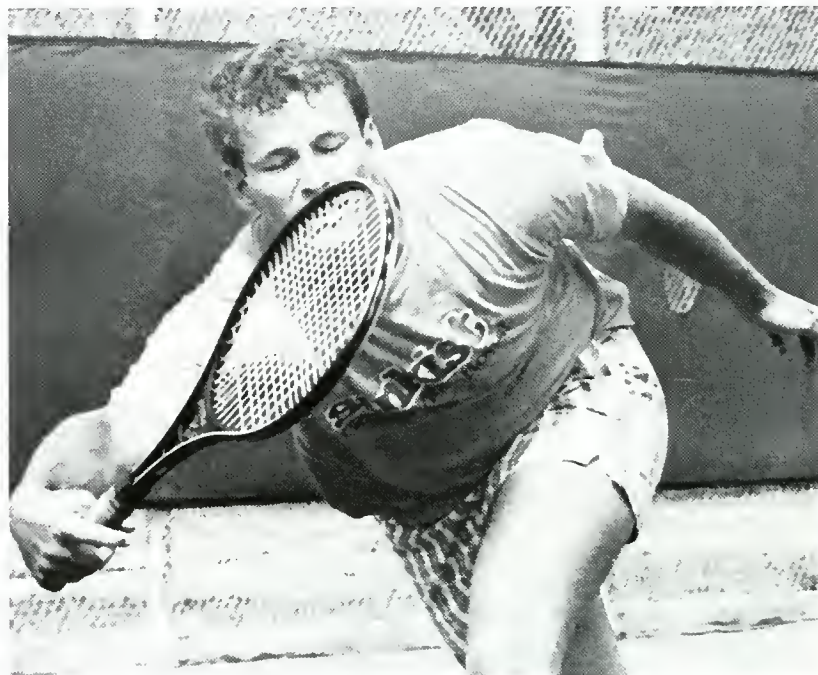

INTRAMURAL DIRECTOR

The organization involved in being intramural director is amazing. Think about it. The job involves getting teams together, referees to the competition, and taking all the complaints that comes with it. It has to be a hell of a job. Sure there were some bumps along the way but no major mountains were faced and for the most part everything ran smoothly. All in all very well done Hodgie.

WOMEN INITIATE THEIR INTRAMURALS

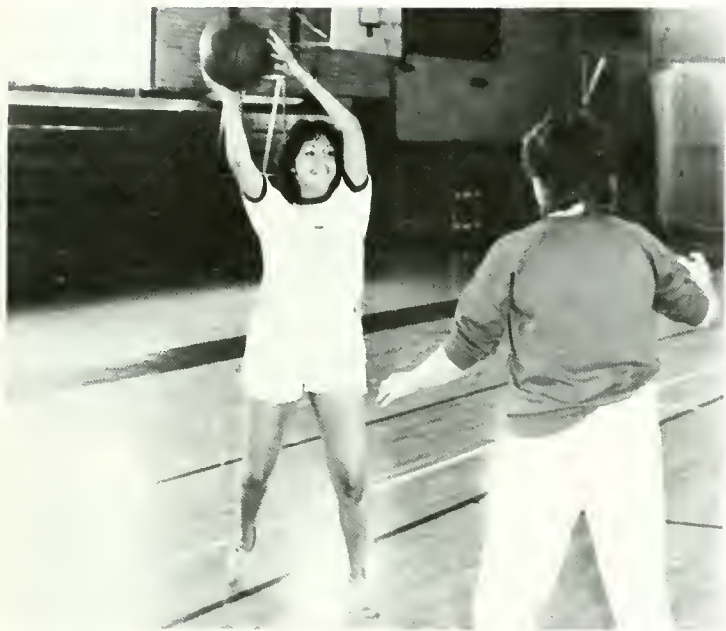

BOWLING

The women of the Kappas, Thetas and Independents participated in the first intramural sport for women at Westminster. Although not quite as competitive as the men's intramurals, the Kappas got off to a good start by narrowly striking down their opponents.

BASKETBALL

This spring brought basketball to the women's intramural competition. The Kappas again narrowly came out victorious.

FREEZE FRAME

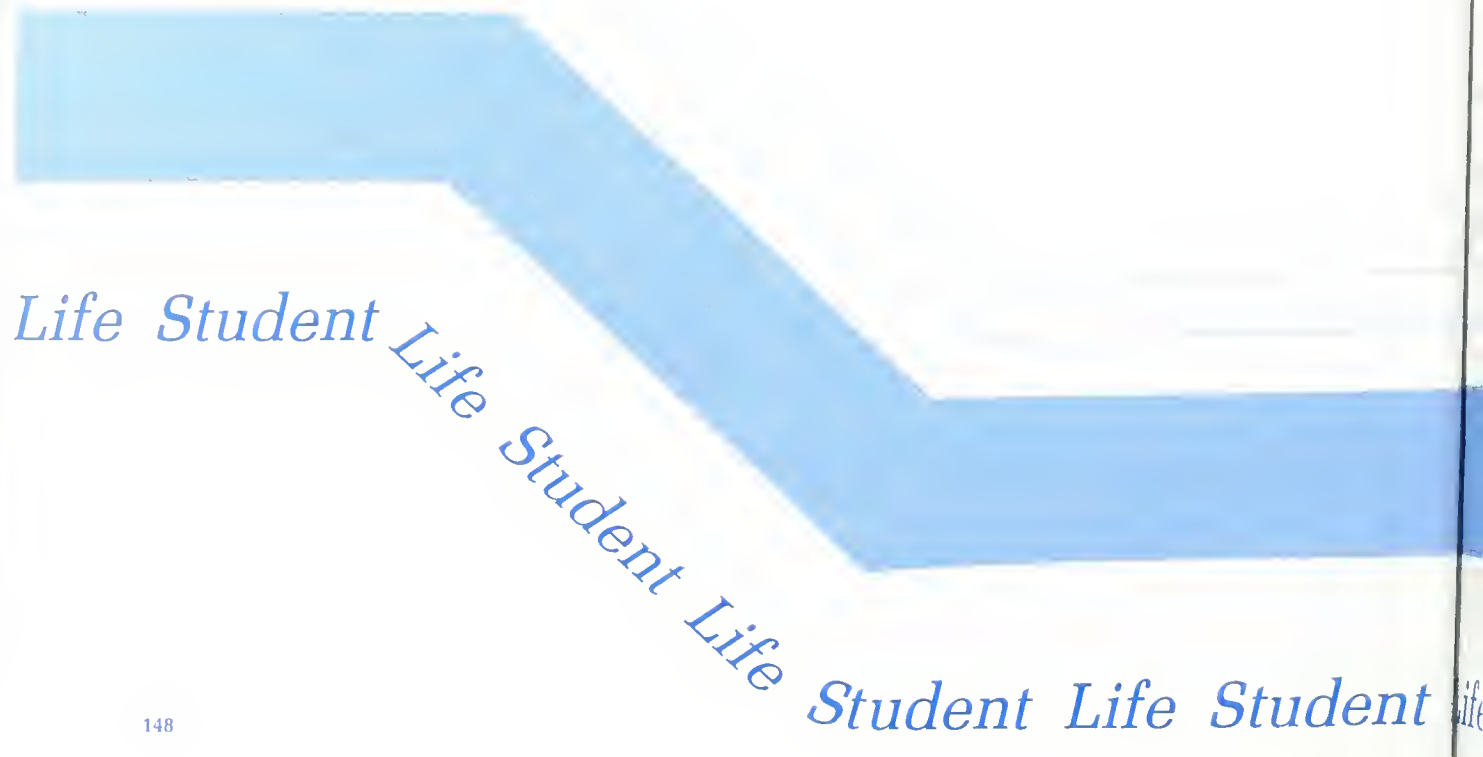

For some, intramurals are the apex of social gatherings. For others intramurals provide a release for that intense desire in all people to compete. Whatever the reason for participation intramurals are inherently good. The field of competition enables us to see sides of people that don't exist otherwise and it helps us learn to act and react under pressure. Whether we win or lose we all have fun, and isn't that what college is all about. So take the opportunity to learn from intramurals while having fun.

In the Beginning . . .

Clockwise From Above - Steve Pappas helps freshmen move in. Students sign in upon arriving on campus. Dan Roques finds a girl to dance with him. Freshmen pass through the columns. Curt Evans meets P. K. The Skulls of Seven lead students to the columns.

Beginnings - The start of college life at Westminster. For most it's a nervous, exciting time. Mom's giving instructions and sons trying to act cool in front of an unknown roommate. The year at Westminster was no different with the traditional columns ceremony and a week long orientation session. A Go Hawaiian party gives the best opportunity to meet the new William Woods students as the men and women anxiously await rush.

MEN'S RUSH - THE TRADITION CONTINUES

Excitement, pressure, decision - All describe the fall event so aptly named rush. Even though it can be the most hectic four days of the school year, it was well worth it for the 119 men who had "spiked" or were offered bids to houses. Starting with an informal meeting on the hill and a required 45 minute period at each fraternity, it finally ended with a scoop of the campus and bid card signing.

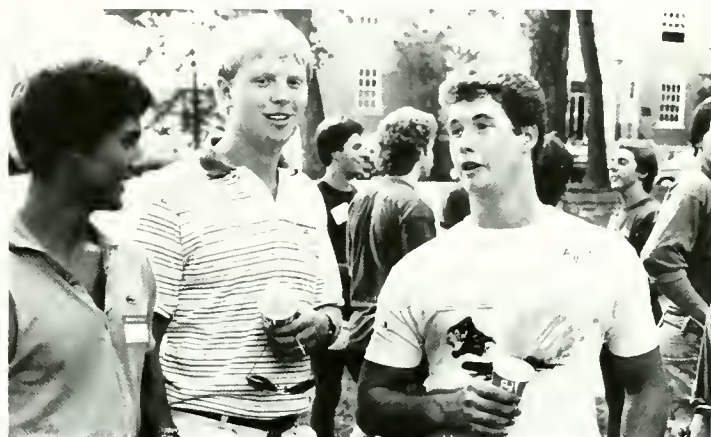

Top - Reed Irvin explains to newly arrived freshmen the pros and cons of Greek life. Above - Bill Kinsinger greets Kyle Foote on his way to the Beta House. Right - KA's try to coax freshmen to come down on their free time.

WOMEN'S RUSH - THE START OF A TRADITION

The Panhellenic Council with the Kappas and the Theta's held their third rush. With a different system than the men's rush, each of the women's fraternities set up in Robertson Dining Hall for their separate presentations. The presentations included skits, speeches, snacks, and general social time. Unlike the men, the women sign preference cards without knowing which house they will be in. This leads to much anticipation for the final bid cards to be passed out.

Top Right - The girls line up into groups before their meetings. Above - A student watches as the Thetas perform a song and dance. Above Right - Lynne Mellone makes conversation.

Top Left - Barb Beffa gives a congratulations hug to a new pledge sister. Top Right - Robyn Haring and Kathy Maloney rush Debbie Best. Left - Missy Ogden and Stacy Eikmann perform a Kappa skit. Above - Shelly Carver and Allison Crouse have a conversation.

PARENT'S WEEKEND

Parent's Weekend remains a time for parents to see their child in his or her natural environment. The sweat socks and books are all shoved under the beds and most rooms are cleaned for the first time of the year. Parents meet with professors and can watch a soccer match, a cross country meet or intramural track. Besides the usual festivities, Parents this year were treated to the Green Lecture. Once again the lecture caused controversy as many faculty members and the Green family objected to the selection of CIA Director William Casey as the speaker. Regardless of alleged improprieties, Casey spoke and many students had the chance to see protestors for the first time.

ROTC

The ROTC program was very strong this year. Led by Colonel Donald Hedgpath with assistance from Major Stokes, Captain Legrand, Major Southard, and others, the ROTC department sought to train men for leadership roles in military service. Besides providing classroom education for those interested in the military, ROTC held labs on Friday afternoons and field training exercises on weekends. Preceding graduation exercises in the spring, Jonathon Jones and Charles Vogt were commissioned as officers in the U.S. Army.

THEATER ARTS

Westminster College in conjunction with William Woods is proud to present a diverse, quality theater program. Plays presented this year were *Deadwood Dick*, *Scrooge*, *Medea*, *The Dining Room*, and a short term class project of *Voice Jazz*.

WINTER SPORTS FESTIVAL

The February Winter Sports Festival is designed to raise money for intercollegiate athletics while providing a weekend of fun. Each living unit nominates a king and queen candidate and sets up a gambling game for Friday's Casino Night. The living unit with the most play money at the end of the night has their candidates crowned king and queen of the festival. This year's winners were Alison Crouse and Mark Humphreys from Kappa Kappa Gamma.

Carter Randall, stock analyst and regular on PBS Wall Street Week, presents his lecture entitled "Keeping up with the Dow Jones."

EVEN MORE CONCERTS AND LECTURES

Right - Dr. Robert Heilman delivers his lecture "The Human Experience in Literature." Heilman is the author of nine books on the humanities. Below left - Dr. Howard Stoffer, a U.S. Foreign Service Officer presently serving the Department of State, presents a forum entitled "Soviet-American Arms Control Negotiations Regarding Missiles in Europe." Left - Members of the St. Louis Brass Quintet perform in St. Mary Aldermanbury.

GET DOWN!

Get down, get funky! The Westminster social life was definitely upbeat this year. SGA parties were sponsored at all the living units under the direction of social chairman Jamie Stevenson. Other rockin' parties around campus included the traditional Delta Queen, Old South, Fiji Island, and the Pentathalon sponsored by the Sigma Chis, Phi Delts, and Betas.

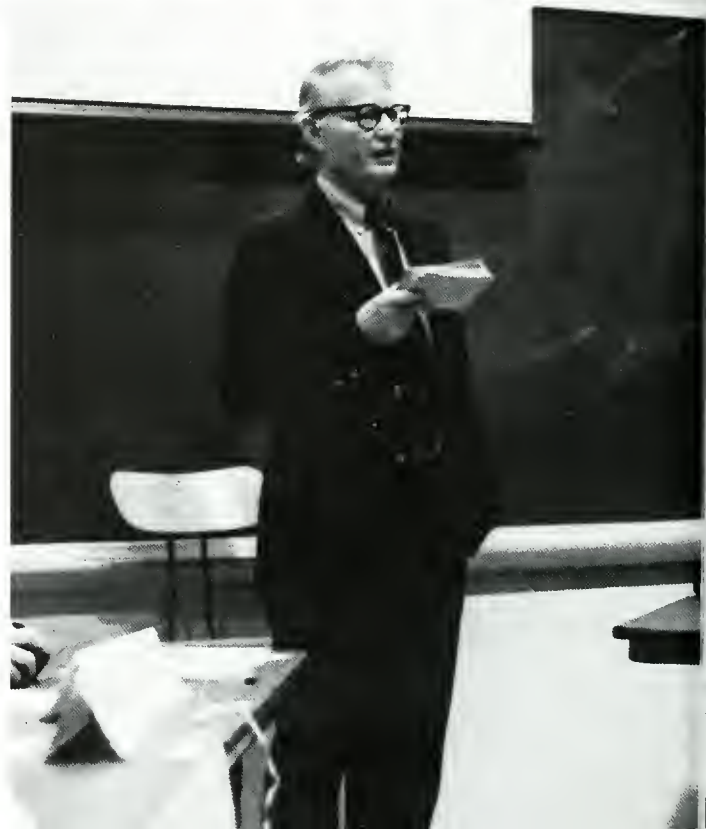

SWEAZEY WINS COLLEGE BOWL

This year's 15th annual Donald B. Gordon College Bowl shaped up to be a highly competitive test of intelligence and mental agility. After two grueling nights of questions only Sweazey and the Phi Delt were left. When it was all said and done, Sweazey, led by team captain, Steve Condor, finally prevailed as the champion. The faculty, after noticing the impressive victory, failed to sport a team.

*Top - Tom Krause and the Phi's strain their brains.
Right - Dr. Russ Jones reads the next question.*

Gone are the days of waking at eight in the morning to make sure you get all of your classes. No more face time with the girls from William Woods and Westminster or forging advisors' names. Instead, we now have a computerized system for pre-registration which is probably more efficient but much less fun. Said senior Ann Oathout, who met fiancé Mike Jakaitas at their first pre-registration, "I think it is a shame. Without it, Mike and I might not have ever met."

Short Term is a time for most students to finally get down and enjoy college life. It may also be a time to get college algebra out of the way or take a trip to some faraway land. For the students who stayed on campus it was a great opportunity for socializing. With a budget in excess of \$5,000.00, S.G.A. provided drive-in nights, class parties, and campus-wide bar-b-cues.

ALUMNI WEEKEND

AN OPPORTUNITY TO REMEMBER

Alumni Weekend - A chance for some to reminisce. For others it means finally cleaning the fraternity house during short term. Festivities for the weekend included golf and tennis tournaments, luncheons and awards, as well as, the annual house hop. A new addition to the weekend was a 5 kilometer Alma Meter to raise money for the Capital Fund Drive. Those receiving Alumni Achievement Awards included Glen F. Anderson, Jr., '48; William E. Backer, Jr., '43; Ewald W. Busse, '38; William V. McNelly Jr., '51.

Organizations Organizations Organizations Organizations

Organizations Organizations Organizations Organizations

STUDENT GOVERNMENT ASSOCIATION

The Student Government Association, under the leadership of President Brian Boatright, sought to improve campus unity by appropriating approximately \$65,000. The areas in which the money was divided included social, publications, and concerts and lectures. Some of the many activities sponsored by S.G.A. this year were a country party, senior night at Winston's, and, of course, the ever-popular S.G.A. parties. The S.G.A. consists of two or three representatives from each house and five officers. Officers included Brian Boatright, President; Mike Brown, Vice-President; Frank Turner, Treasurer; Cheryl Dieckhaus, Corresponding Secretary; Carl Swanson, Recording Secretary; and Jamie Stevenson, Social Chairman.

PUBLICATIONS BOARD

Rob Good, Kathy Hill, Paula White, Rich Payne, Corresponding Secretary Cheryl Dieckhaus, Russell Smith.

The Publications Board is in charge of the yearbook and newspaper. Under the direction of the Corresponding Secretary, the Pub Board decides publishers, drafts contracts, and sees that the output of the staff is in order. Most of this year was taken up deciding the salary of the newspaper business manager.

HONOR COMMISSION

Above - Honor Commission members are (front) Patti Kopf, Cathy Hill, Missy Ogden, Julie Voertman (back) Scott Boswell, Andre Reed, Tammi Evans, Terry Walsh, Rich Payne, Jim Williams, Paul Harder.

STUDENT JUDICIARY BOARD

These two groups comprise the judicial area of student affairs. The Honor Commission, which is independent of SGA, decides on academic cases involving cheating, plagiarism, etc. Meeting in private, the Honor Commission decided academic disputes. The Student Judiciary Board settles matters concerning student rules, and disputed fines from Dean Kirby. This year could be called controversial after having one decision reversed and the levying of a \$200 fine on the Sigma Chis.

Above - SJB justices Jeff Wolf, Patti Kopf, Chief Justice John Stormer, Monica Wallach, Bryan Parrish, Tom Morefield. Not pictured is Roger Idel and Tom Mueller.

STUDENT FOUNDATION

WESTMINSTER AMBASSADORS

The Westminster Ambassadors and the Student Foundation are responsible for Westminster's image. The Ambassadors escort and entertain guests as they visit the campus while the Student Foundation helps the admissions department by giving tours, making phone calls and keeping guests during visit days.

Left - Members of the Student Foundation include Bob Granger, Scott Buhlinger, Dan West, Tammy Mendez, Scott Boswell, Jim Muench, Tammi Evans, Kent Freudenberg, Stacy Eikmann, Greg Kline, Terry Walsh, student director Carol Teller, Janie Harper, Mamie Tak, and Bryan Parrish. Below - Westminster Ambassadors include Mandy Scothorn, Margaret Schultz, Jon Jones, Jeff Owens, Jeanne Peck, Gary Siddens, Murray Benton, Mark Reichman, Ford Trotter, Randy Englehardt, and Andre Reed.

CHAPLAIN'S ASSOCIATES

The Chaplains' Associates again had another strong year under the leadership of Chaplain Young and President John Stormer. The groups main activities involve Wednesday evening Bible services, communion, and Sunday vespers. The annual Crop hunger walk was held in the fall and the Religion-in-Life program focused on problems with the aging with guest Maggie Kuhn. The Chapel Choir was active again this year under the direction of John Stormer.

Top - Members of the Chaplain's Associates include (front) Chaplain Young, Murray Benton, Jim Muench, Cory Hohnbaum, Tammy Mendez, Anne Kienstra, Kirsten McCue, Kelly Carlson, Jeff Long (back) Dave Fisk, Curt Evans, David Back, John Stormer, Doug Tapp, John Zimmerman, Scott Beebe, Mary Schaller, Steve Conder, Kristy Kurt, Jim Williams, and Mark Cambell, Above - Chaplain's Associates performing the Last Supper for Easter Services. Right - Chapel Choir members (front) Becky Bicklein, Kim Woodruff, Laura Hubeli, Shelly Coughlin, Mary Schaller, Tracy Zuspan (back) Bart Jones, Mike Campbell, Jim Muench, Jim Williams, Steve Condor, and John Stormer.

BIG BROTHER/BIG SISTER - YES

Ecumenical Ministries of Callaway County once again offered the Big Brother/Big Sister and the Youth Escorting Seniors (YES) programs. The Big Brother/Big Sister program has about 70 students help and "adopt" a less fortunate child. Student coordinators for Westminster were Bryan Parrish, Marty Knight, and Ted Clark. Equally important is the YES program which matches students with the elderly. George Satterlee was the YES coordinator.

PANHELLENIC ASSOCIATION

The Panhellenic Association this year organized its second formal rush. The Kappas and Thetas work together to form this association whose other responsibilities include a spring rush party and a national conference. Andrea Maddox served as this year's Panhellenic President.

Panhellenic officers are Allison Crouse, Andrea Maddox, Leigh Ogle, and Paula White.

INTERFRATERNITY COUNCIL

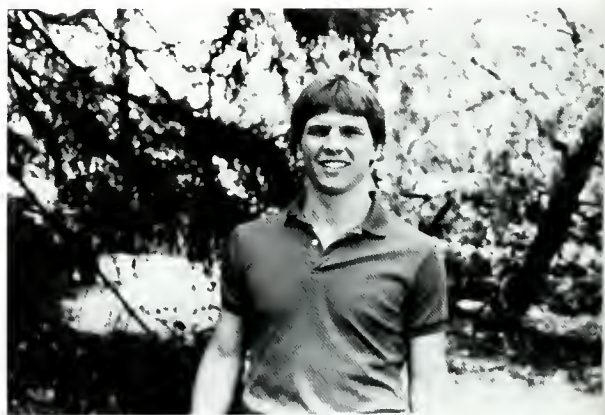

The Interfraternity Council, composed of three representatives from each house, spent most of its time organizing rush and not planning Greek Games. The IFC did settle disputes this fall concerning rush violations. IFC president this year was Scott Lawder.

IFC officers are Jay Graves, Scott Lawder, Murray Benton, and Tom Morefield.

THE BLUE JAY

No one can possibly know how much work goes into a yearbook until you put one together. Nearly 6,000 pictures were taken and countless hours spent on layouts. I would especially like to thank Jamie Stevenson and Rob Good for doing intramural and varsity sports respectively - and for finishing on time! I would also like to thank Carl Copek for helping supply pictures and John Hykes for taking the difficult assignment of redesigning the class and living unit section. Special appreciation goes to Jeannie Peck and Laurie Dean for coming back after graduation to do the faculty section and to Greg Kline and Kyle Detmers for their outstanding art work. Thanks to Pub Board for staying out of the way and Dr. Kirby for his patience and trust. Finally, I would like to thank Pascale, who inspired me to complete this book.

JUST A FEW MORE ...

Success is a journey, not a destination. Happiness is to be found along the way, not at the end of the road for then the journey is over and it is too late. Today, this hour, this minute, is the day, the hour, the minute for each of us to sense the fact that life is good, with all its trials and troubles, and perhaps more interesting because of them.
